### This Memorandum of Understanding between

Gurugram University, Gurugram (GUG)

And

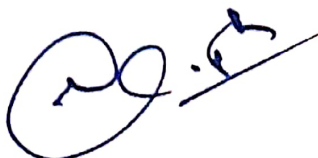

Beam Infotech Private Limited, Gurugram

In the spirit of intellectual cooperation through scholarly exchange, a Memorandum of Understanding is being entered into by Gurugram University, Sector 51, Gurugram 122018, Haryana, a State Government University established under Haryana Act 17, 2017 acting through its Registrar, Mr. Rajiv Kumar Singh (hereinafter referred to as GUG).

and

Beam Infotech private limited, registered/operational, Plot No. 550D, Sec-37, Pace City II, Gurugram - 122001, a company involved in Electronics system Design & Manufacturing (ESDM) (design and Manufacturing of Adaptors, Lighting Solutions and sales and distribution of Electronic Components and PCBA) acting through its Director, Mr. Amit Gupta, (hereinafter referred to as the second party)

Gurugram University was established in 2017 as a multi-faculty University and has several affiliated colleges, including Colleges of Education and wide variety of academic programs. It aims to provide an excellent academic ambience to facilitate learning and research. The university aspires to be a front-runner in global education, a role model for institutional excellence, trans-cultural quality learning, intellectual growth, contemporary research, capacity building and nurturing socially and morally responsible citizens by working on students' academic front, technical, and industry skills.

Beam Infotech established in 2013 is a pioneer in its respective domain, with relevant services for consumers looking for technological up-gradation with a range of offerings in order to move clients forward in a newly developed world of innovation with cutting-edge technologies and products, including a wide array of products ranging from Automotive Headlights & Inverters/UPS, PCBA, Power Adapters and Battery Management systems to EV Chargers and many more. Consumers, resellers, and distributors worldwide are being provided environmentally friendly and seamless product options that are paragon for both businesses and households.

Both the parties agree to establish a program of collaboration and exchange on related matters of mutual interest that may emerge over time.

### **Purpose**

The purpose of this MoU is to state the intentions of the parties in undertaking a collaboration in research and development in the areas of relevance to both the parties. The Parties have common scientific and research interests and will cooperate in activities given below, but not limited to the ones stated.

### **Types of Cooperative Activities**

The scope of collaboration on research activities to be pursued through this MoU includes, but is not limited to the following

- Training of graduate and post graduate students from eligible departments of the University to enhance their employability.
- The above will be in areas of expertise of Beam Infotech in Electronics system Design & Manufacturing (ESDM) (design and Manufacturing of Adaptors, Automotive Lighting Solutions, EV Components like BMS, Charger etc.) and in the field of Embedded Hardware and Software design
- The above could be in the form of internships, or other similar means
- To enhance the academic-industry interface via invited lectures by industry experts as well as visits of students to the facility.
- Exploring the possibility of joint research projects.
- From GUG labs space, PCs, VLSI design hardware/software, and other available technologies of relevance can be shared on mutual research projects with the partners as per university norms.

### **General Terms**

1. This MOU is effective from the date when both parties have signed it ("Effective Date").
2. This MOU shall remain in force for a period of two years from the Effective Date and may be renewed thereafter. Either Party may terminate the MoU by providing at 30 days advance written notice to the other Party. Termination or expiration of this

A handwritten signature in black ink, appearing to be 'C. S.', is written over a horizontal line at the bottom right of the page.

MoU does not automatically terminate any separate agreement between the Parties related to the subject matter of this MoU

3. The MoU may be amended or extended by mutual consent in writing signed by authorized representatives of the Parties.
4. Each party is liable for its own acts and omissions under this MoU.
5. Confidential information shall be exchanged only under the terms of a separate agreement, whether it is a non-disclosure agreement, sponsored research agreement, material transfer agreement, or data use agreement. No confidential information shall be disclosed pursuant to this MoU.
6. Both parties understand that all financial arrangements are specific to the activities and will be discussed and mutually agreed upon.
7. Amendments to the MoU can be made from time to time after mutual consultation and agreements.
8. Should there be a dispute relating to any aspect of academic cooperation, VC, GUG and Director, Beam Infotech Pvt Ltd will jointly resolve the dispute in a spirit of independence, mutual respect, and shared responsibility. The venue of settlement for any disputes that may arise under this MoU shall be at Gurugram.

This MOU has been executed in two originals, one of these has been retained by **Beam Infotech Pvt. Ltd.** and the other by **GUG**.
