Prime location of the library within the University Campus ensures easy accessibility for scholars, teachers, and researchers alike. Equipped with ample seating capacity, including a serene reading hall, the library provides an excellent learning experience. Further, a new library building is currently under construction on the new university campus, which will expand our quantitative and qualitative capacity to significantly add to the existing facilities.

The Vivekananda Central Library has an impressive collection of 18,243 print books from established national and international publishers. Users can access a wide range of topics and genres.
